

ROUTE 3

Ride around through olive groves discovering the astonishing west seaside part of the island

DISTANCE

Ride around through olive groves discovering the astonishing west seaside part of the island

WHAT TO SEE

Starting from Vathy port and moving west, you will be amazed by the seaside road which will lead you to Spilia bay which is a natural port. You can have a swim at Rokka beach or enjoy local food at one of the port's taverns. Leaving Spilia port there are many secluded beaches waiting to be discovered. It is worth visiting the old church of Ai Yiannis which was built on the 15th century and destroyed a few years later by pirates, located on a pebbly seashore in the west of the island. A narrow but long coastline is starting from Ai-Yiannis chapel till the end of our route. Its crystal and sparkling water will amaze you.
